Chapter #99204 Established 1991

Hi all:

I hope this finds you in GREAT health and happiness.

Well we scheduled our first Zoom class with Heidi Allison, and I know it will be a great one. It is a beautiful project and Heidi has this Zoom class idea down. Thank you all for signing up; we have a full class!

If you are on Facebook, there are some wonderful classes being held on Zoom—go check them out! Some are free classes which require you to purchase an e-pattern and paint on your own surface. Others are classes like a seminar which cost. Check them all out as they are pretty awesome.

The Board will have a meeting next month to discuss continuing our classes on Zoom for this year and whether or not to set up a Christmas party. So if you have any input on either, please let me know.

We received our Chapter Achievement Award from National and was greatly disappointed in our merit badge. Normally it is a beautiful embroidered patch to add to our banner; but, this year it is a small metal pin—how disappointing especially for all our efforts throughout the year.

In closing, I want to wish you a wonderful month and am in hopes that I will soon be able to see your smiling faces.

Keep those paint brushes moving!! Beth 🥰

One additional change going forward. We will hold a project for only 1 month. If you have signed up for a program it is your responsibility to let me know you will not be attending and I should try to sell your project. If you do not do that, you will responsible for paying for and arranging to collect the project. After one month any unsold projects will be offered, for sale, to the membership.

SEPTEMBER 22ND DQT PROGRAM

The place for the program will be decided on as we get closer to the date. If we can do it in person we will certainly try to do that, if not, we will again do it as a Zoom meeting.

In case you forgot what we were doing please take a look at the picture. Terri Mullin will be teaching the class. As you know we are trying a refresh of a particular technique with each class. This project will incorporate 2 techniques—sponged background and stroke work.

List of supplies will be given as we get closer to the date of the program. If you would like to use your own surface, please let me know that as well. I know that Terri has a limited number of surfaces, but it could be done on any number of things you already have. Don't limit yourself to a round piece, if you use your own. The project surface measures 13 1/2 inches, including the border. The design itself measures approximately 9 inches. Of course you could enlarge or reduce to fit any surface. I think it would be outstanding on a round box or bent-wood surface as well!

If you are interested in this class, we are starting a new list, please let me know.
