Happy March to everyone!

Hope you had a great February and starting to enjoy the beautiful spring days....!

Thank you so much to Sandy LeFlore for kicking off our great 2024 year with her adorable "Carrots for Sale" bunny piece...certainly gets me in the mood for Easter and all the great spring days ahead. Thanks also go out to Kim Tamiazzo and Diana Van Riel for all their hard work in planning our year of projects. We have a lot of great ones in store and even a dot piece where we will learn how to do this very intricate and interesting type of painting. I'm always interested in trying something new and this one will definitely test my patience, but in a good way! Also...thank you goes out to Carmen Almanza for taking care of our program ways and means raffle prizes! Thank you to Jeannetta Cimo and Terri Mullin for working to get our "in-person" venue up and running...the fellowship shared by those able to meet in person is definitely a great thing to experience. I really appreciate each and every one of the Board and Club members—you all make our Club a success and great place to visit and make new memories!

I am looking forward to the program in March with Deb Ramo...it will be a lot of fun to do. As a reminder, we will be having a brief general meeting prior to the beginning of class. Please try to jump on the zoom meeting even for a short time so we can review our budget for the year that was recently approved by the membership and ratify it. If you have any questions or concerns or items you would like discussed at this general meeting, let me know so I can get it on the agenda!

Thank you all again for everything you do for DQP...your participation is greatly appreciated! Nancy

Programs

Kim Tamiazzo and Diana Van Riel

Thank you to everyone who participated in our Sandy LeFlore painting project. We had nine ladies who came to paint at our new venue at Terri Mullin's Studio. We had a great time painting, eating and visiting amongst ourselves.

Please read about our projects in this newsletter and/or our Facebook page. Sometimes the projects may include a bundle to order or different tools, stencils, etc that may be needed. Your project may or may not turn out well if you do not purchase these items ahead of time. Kim does a great job in getting the information on each flyer for these extra items and where you can purchase them if you are interested. Check out our website that Carol Whitton puts together also...our projects are also listed there!

Thank you again for your participation. We hope to see you in March as Deb Ramo is teaching a spring/summer project—"Bee My Honey"—designed by Lonna Lamb. You are sign up with Kim Tamiazzo at kim.latham213@gmail.com or via text at 442-316-0718.

San Bernardino County Fair

Carol Whitton

It's time to start thinking about setting aside those beautiful works of art to submit in the San Bernardino County Fair held in Victorville. It will be here before you know it! This is our club's way to share our craft with the community. If each of our members submit just one or two items, we would have more projects to display than we had last year!

Painters at all levels are invited to submit their work. The different levels are as follows. You will compete against other painters at a similar level as you. Please note, however, that these are general guidelines.

Novice - beginning; has painted 0-3 years

Intermediate - has painted 4-9 years

Advanced - knowledgeable in the art and has painted for 10+ years

Professional - paints and teaches as a livelihood

Also, as our dear friend Jane Haggard always impressed upon us, any piece submitted to the Fair must be completed. This means that all surfaces, including the sides and back, of the project should be painted.

As time approaches, I will be reaching out for volunteers who are willing to paint at our table and answer questions that community members might have. Those who do volunteer receive a free admission and parking ticket for helping us out! So, I hope you will be available to join us.

Here are some great tips from our own Jane Haggard...

~When wanting to paint gold on a design, if you will undercoat the area with a red (like true red or primary red), your gold will look brighter and the color will be better.

~When wanting to paint silver on a design, if you will undercoat the area with a good blue, your silver will show up better and have better color.

~When varnishing, brush your varnish in only one direction—brushing back and forth causes bubbles to form and your varnish won't be as smooth.

~Lettering is one of those items that can cause some of us a problem. Here are some words of wisdom. Create what you want to paint on your computer using the font you like best. Enlarge the words to the size you desire and print them out. Find and mark the center and draw an underline to use for alignment for placement on your piece. Measure and find the center of the area where the lettering is to be placed and draw a light line where you want the bottom of the letters to be. Align and tape the pattern in place and transfer it to your piece. Paint the letters with a 1/8" brush and use a bit of glazing medium with your paint. Hold the brush on a 45 degree angle and pull the strokes to form the letters. Do NOT twist the brush. Hold it at a constant 45 degree angle and let it work for you. Move your entire arm and keep constant pressure on the brush.

How much care you take in preparing and doing your project can make a difference in how good (or bad) it will look when finished!!
